

PEUGEOT 2023 COMMERCIAL RESULTS

In summary:

- PEUGEOT: **1 124 268** registrations in 2023, **+6%** increase versus 2022
- Continued internationalisation of sales outside the EU29 at **28.2%** of global sales, i.e. **+0.8 pts** increase versus 2022
- **17 countries had best market share in 15 years**
- **Peugeot EUROPEAN LEADER:**
 - **in the electric B** segment with E-208 and E-2008
 - **In the electric LCV** segment with E-Partner, E-Expert, E-Boxer
- Electrified vehicles (BEV + PHEV) EUR29
 - ✓ 18% of Peugeot vehicles registered in EUR29 are electrified
- Upmarket move confirmed with the launch of the new Peugeot 408 and the reveal of the new E-3008

“In a highly competitive 2023 environment, I am proud to announce a 6% increase in sales and a growth in international volume of nearly 1 point. At European level, the PEUGEOT brand remains the leader in the electric B segment with two models: the E-208 and E-2008, and occupies the top spot in electric commercial vehicles”

Linda Jackson – PEUGEOT CEO
